

# Good Shepherd Community

Here it is,  
*the Summer time!*

# Good Shepherd Community

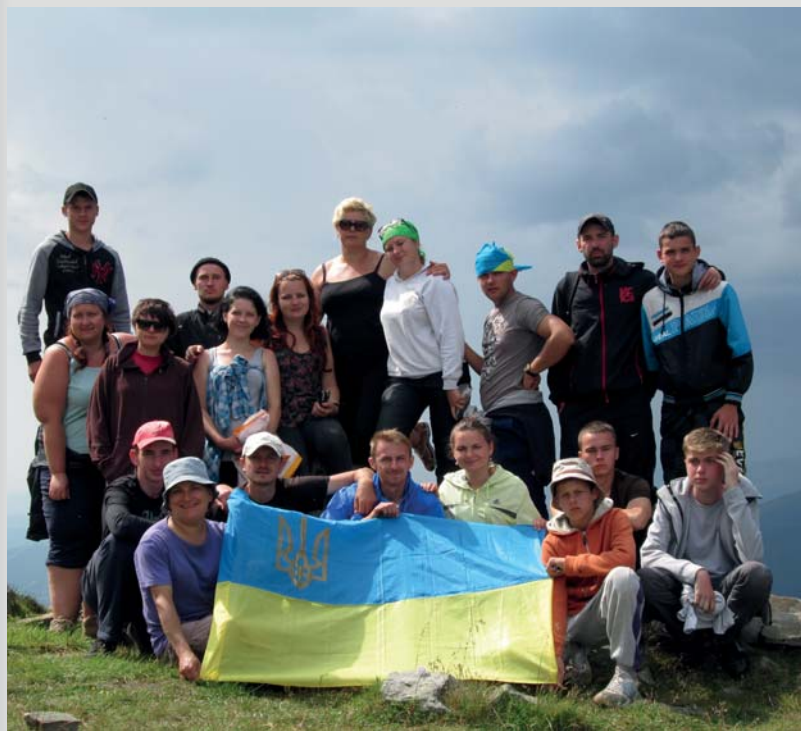

## Grace

We thank to our Lord for a very blessed church camp. Within six wonderful days we were studying the subject of grace. Also, we had an opportunity to host the guests from Odessa city. The Lord has given us a joyful time, and what the most important – is possibility to get a deeper understanding of His grace.

## Journey in the mountains

A few words also about the journey of our young people in the Carpathian Mountains. They've spent a few days there, God blessed them with all necessary things and kept them safe in this difficult journey. During the time of hiking and in leisure time, our guys have studied the Word of God, prayed and spent time in fellowship. They've returned very happy and full of gratitude to God.

# Good Shepherd Community

## Ministry to the nations

We wish you with all our heart to fulfill the commission of our Lord Jesus Christ to teach all nations. Namely, with this aim a small team went to the south of the country, to serve there in the summer camps to native people at peninsula. Approximately 90 children could explore God's Word in their native language.

## Great commission

Besides that, there is another trip being carried out by two brothers to the Far East. It is an honor for us to serve our Lord in this way. We hope that our work is not in vain and we rely on the mercy of God.

## The worship in family

It is very valuable for us, that every family in our church would've become a place of worship to God. For this purpose has been held our family camp "The family – is a place of ministry." We hope that a spiritual enrichment, communication and new experiences will bear its fruits.

# Good Shepherd Community

## Preparation to baptism

We thank God for His mercy in saving people. There is a great joy for us, that in our church were born of the Holy Spirit new lives, who are wishing to enter into a covenant with Christ. At the moment they have meetings with the church officials. We are praying about it, because this is very important, as well as for the preparation to baptism. May the Lord bless it, that this holiday could've passed for His glory.

## Choice for the youth

We plan also to hold the youth camp. We want that to be an interesting and instructive for young people, for this purpose we have picked a special subject for the study – “Choice”. We hope that God will show the right path and will help to make the right choice for every participant of the camp, but this is possible only in Christ. To attract more people to participate in the camp, we also plan to teach the English.

# Good Shepherd Community

## English Christian Festival

On the coast of the Sea of Azov, has been held recently the first All-Ukrainian and English Christian festival of “English for a new life.” There is a small group of young people from our church and beyond, who were participating to arrange and conduct this event. You may find more news on our website pretty soon.

## Pleasant with useful

We also thank to our Lord and rejoice, for the team of ministers from CST (Christian Soccer Team) “Nadia.” God gave them the opportunity to hold the camp in the village of Zgorany on the lakes of Shatsk. This trip has brought to them a lot of impressions, since there were many pleasant and useful things, and namely: the study of the Word of God, leisure, recreation and sports games, as well as they’ve discussed plans for the next year. May the Lord in that abundantly bless and glorify His holy name.

# Good Shepherd Community

Thus, God has established, that Summer time – it's a time for work, and by His mercy we can work on this marvelous God's field. We hope to see a lot of fruits, when time will come.
