

Sowing the WORD

«Finally, brothers, pray for us
that the message of the Lord may spread rapidly
and be honored, just as it was with you »

2 Thessalonians 3:1

Good Shepherd Community

Trip to Europe

At the beginning of the summer, a team from our church visited some friendly Slavic churches in Poland, Italy and Germany. Brothers and sisters took part in street evangelism, encouraged local ministers, fellowshiped with believers, shared the Gospel with migrant workers from Ukraine and other countries of the former Soviet Union, who are living now in Europe. These people are in a great demand of Christ, they have very complicated destinies, and most of the time they are not really open to the Gospel. So, all of these people are the great “harvest” that needs more workers and your prayers (Matthew 9:38).

Camp “Pure Heart”

We thank God for the brothers and sisters of the Second Slavic Baptist Church from Sacramento, as well as for the representatives of the International Organizations “Connect International,” “Hope to People,” and volunteers from several Ukrainian cities. At the beginning of June, there was held the camp “Pure Heart.” The primary concern of the event was to serve the families of the soldiers who died in the war at the east of Ukraine.

About 170 people have gathered together in the camp.

Surely, God was very gracious to all of us by virtue of your prayers.

Please, continue to pray for this ministry.

Good Shepherd Community

“Jesus is My Superhero”

In June, a small team from our church had the opportunity to conduct a camp for the teenagers, which was focused on the topic “Jesus is My Superhero.” The camp took place at the campground in Zalissyia. This time, the facilities could accept 58 children and teenagers. There were many participants from the families of unbelievers and students of the local high school. The children, who visited the Christian camp for the first time, were able to highly appreciate the personal relationship with their mentors, as well as the atmosphere of warmth and interest in each one of them.

Everyone Got a Choice

On June 12th, through 17th, in the village of Voloshky, Rivne region, has been hosted a camp for mothers and special needs kids. The sisters from our church gladly participated in this camp and served the moms and kids. By the mercy of God, over 120 people were able to be in the camp. There were about 40 volunteers, a young people of different ages, who came from different regions and districts. The topic of the camp was “The Choice,” so everybody has made their own choice. The most important thing is that God has gathered around His Truth special moms with their special children. The Word of God touched the hearts of everyone who was in that camp.

Good Shepherd Community

Appointments with Jesus

The team of the Christian soccer club “Nadia” went to the city of Ochakiv, Mykolaiv region. In the camp “Appointments with Jesus,” God has brought 125 children from eight Christian clubs of Ukraine. Thanks to everyone who keeps on praying for the gospel ministry to children and young people through sports.

Power Camp

On June 26, through July 1, there was conducted at the Public School # 24, Rivne, for the first time a Christian camp – Power Camp. It was a good opportunity for children to try themselves in many sports activities, and most importantly, they heard the Gospel every day throughout the week. We ask you to pray for the unity and dedication to God, which are so needed in the team of ministers. And please, pray that God will work in the hearts of children who have been in the camp, as well as for the further relationships with the school administration.

Mission of our church

Bowing reverently before the majesty of the sovereign Lord, in full trust and obedience to His authoritative Word, through biblical preaching and mentoring, we claim the God's kingdom among the nations by spreading the Gospel and raising mature disciples of Christ.
